

The ENHAGA project keeps moving forward!

The second Transnational Partner Meeting of ENHAGA took place on the 26th of February

The **second transnational meeting** of the ENHAGA project took place on the **26th of February 2021 via Skype**, due to the ongoing restrictions resulting from the COVID-19 outbreak. The partners had the opportunity to discuss the progress of the project so far and the next steps, focusing especially on the **design and development of the main projects output**, the **ENHAGA e-book** and the **ENHAGA game**.

ENHAGA's meeting agenda

Approaching the end of the first year of the implementation of the project, which started on April 2020, the meeting offered the partners the opportunity to take stock on the progress of the project which, despite the difficulties and unprecedented circumstances due to the COVID-19 pandemic, has managed to reach its objectives so far.

and Citizenship (REC) Programme
of the European Union

The agenda of the meeting focused on two of the main outputs of the project:

- the **upcoming publication of the ENHAGA e-book** and
- the **design and development of the ENHAGA game**.

The forthcoming ENHAGA e-book will consolidate the **findings of the national research** performed in the partner countries aiming to investigate the current status, challenges and gaps in combating cyber sexual harassment, particularly towards female gamers.

The e-book will also seek to offer recommendations for the design of the ENHAGA game and a series of associated tools to empower young girls to react to cases of cyber sexual harassment and further report incidents.
